

Child's Name	
Date of Birth	
Emergency Contact & relationship to child	
Home Address	
Contact Phone Number	mobile home/work
Doctor (name, address & phone number)	

Has your child had any of the following?

	Comment	Medication needed?
Asthma/ Bronchitis		
Sight / Hearing Difficulties		
Heart Condition		
Diabetes		
Epilepsy		
Allergies		
Ever been stung by a wasp or bee? Describe reaction:		
Date of last Tetanus injection		

I understand that outdoor school carries with it an element of risk as children are being encouraged to use tools, understand and work near fire and venture into new territories. This risk is managed by thorough risk assessment by the Stonebury Learning Facilitators, daily safety sweeps by the leader as well as with the children and ongoing discussion with children about how to identify and manage risks. Stonebury Learning carries Public Liability Insurance that covers all activities common to Forest School and early childhood education, and should anything go wrong, we have Emergency and Evacuation policies for our site. In the event that your child is injured during a session, any First Aid that is necessary will be administered on-site and if further medical treatment is necessary then Emergency Services will be summoned. We ask you to sign this form to indicate that you are happy for us to seek medical treatment for your child in the event that you are not present at the time.

I authorise a member of the Stonebury Learning team to seek emergency medical advice or assistance for the child named above in the event that I am unable to be contacted.
